Terrible does not explain anything at all to the player it also does not show the build border as i tried to place a building down at it said i was outside the build border but it does not show any border at all its just not worth it i would not ever pay \$0.99 for this never mid \$3.00 something

I am getting a refund

Update 1.3.1:

There is a fix Regarding one Review of the game.

-The Border is now shown. It is the Red Line around the World.

-The Grid has now an Updated Look.

-New Building: Large Factory 1.
